

Certificate Lifecycle Management Solutions at-a-glance

Public CA Services							
Trusted public CA	Issues millions of certificates across industries and geographies with global security standards.	✓	✓	∅	∅	∅	∅
WebTrust audited	Decades of adherence to the highest security, compliance, and operational integrity standards.	✓	✓	∅	∅	∅	∅
Industry influence	Holds multiple CA/Browser Forum seats, driving security policies and industry best practices.	✓	✓	∅	∅	∅	∅
CLM Capabilities							
CLM leadership	Recognized by (G2) CLM users and industry experts as the leader of CLM usability, support and requirements.	✓	∅	∅	∅	∅	∅
One console	Manage all private and public certificates through a single, intuitive interface.	✓	∅	limited	✓	✓	✓
CA Agnostic	Manage public & private certificates from extended list of 3rd party CAs.	✓	✓	✓	✓	✓	Less than two
ACME native	Automate certificate issuance and renewal using built-in support for the ACME protocol.	✓	✓	✓	✓	✓	∅
Automated DNS/DCV	Automate Domain Control Validation (DCV) with DNS-based verification, eliminating manual steps.	✓	✓	∅	∅	∅	∅
Built for cloud	Leverage a solution designed primarily for the cloud, ensuring scalability and flexibility.	✓	✓	limited	✓	∅	limited
Multi-Cloud / Hybrid Model Support	Operate across clouds with in-region deployment for compliance and performance.	✓	∅	✓	✓	✓	∅
Manage MSCA	Integrates with Microsoft CA for streamlined certificate management.	✓	✓	✓	✓	✓	✓
SCEP & EST Automation	Seamless SCEP and EST integration for certificate lifecycle automation.	✓	✓	✓	✓	✓	✓
Future-proof initiatives							
Quantum Labs	Industry-leading post-quantum cryptographic sandbox designed to align with NIST's evolving PQC standards	✓	✓	✓	∅	∅	∅
Crypto4A partnership	Integrating advanced HSM technology with PQC expertise for a fully secure cryptographic chain.	✓	∅	∅	∅	∅	✓

Experience unmatched speed to value

According to a recent Forrester study¹, with Sectigo Certificate Manager(SCM):

< 6 months

Organizations deploying SCM are realizing payback and seeing value in less than six months.

243% ROI

Companies adopting SCM achieve an estimated 243% ROI, with substantial cost savings in operations, labor, and business disruptions.

\$2.4M

With automated renewals and proactive tracking, SCM has been proven to save enterprises \$2.4 million by preventing outage-related expenses.

Why enterprises choose Sectigo Certificate Manager

- ❖ **Provision and renew in seconds**
With automation, you avoid outages and save hours of valuable time
- ❖ **Keep tabs on every certificate**
Gain full visibility and control over all certificates ever issued
- ❖ **Work with multiple CAs**
Manage certificates from any issuer with SCM's CA-agnostic platform
- ❖ **Centralized view, total control**
A single pane of glass for all your public and private certificate needs
- ❖ **Benefit from the power of one**
Eliminate complexity with Sectigo's all-in-one CA and CLM solutions.
- ❖ **Set up in no time**
Open, interoperable platform with 50+ business-critical integrations and easy deployment
- ❖ **Future-proof security**
Achieve crypto agility with expert support to adapt to industry changes and compliance.
